	Activity	Details
Scientific axis	**Conferences (holding or participating conference, the date and the place)**	None
	seminars	None
	workshops	1- Holding a workshop in the Department of Computer Science, Network Branch, on 10/2/2021. 2- Holding a workshop in the Department of Control and Systems Engineering, Computer Branch, on 10/4/2021. 3- Holding a workshop to display the system for displaying the university's employees' salary lists 7/3/2021. 4- Holding a workshop in the Central Library Department to train participants on the technical handling of the project of linking departmental libraries with the Central Library Department to participate in resources 12/3/2021.
	Scientific researches	None
	Study groups	None
	Scientific visits	None
	Agreements	Participation in the working group for organizing an agreement In progress/ In IT center /Huawei .Academy

	Activity	Details
Engineering and technician axis	**Laboratories (building and supplies)**	None
	Holding courses (number of courses, course name, place)	1- Holding computer efficiency courses in the Information Technology Center, continuing until 9/6/2021. 2- The Arabic language exam will be held in the Information Technology Center until 9/6/2021. 3- holding a course for distributing the Internet for wired and wireless networks using the Mikrotik by the staff of the Information Technology Center for the period 12-19/1/2021. 4-Holding a course for the promotion of state employees by the staff of the Information Technology Center for the period 17-28/1/2021. 5- Holding a course on computer efficiency methods electronically by the staff of the Information Technology Center for the period 1-31/24/2021. 6- Holding a course on managing and updating university websites using the content management system - CMS Joomla - JOOMLA for members of the university websites link in the Information Technology Center on 10/2/2021. 7-holding a course on managing and updating university websites using the content management system - CMS Joomla - JOOMLA for members of the university websites association in the Information Technology Center for the period 10-11/2/2021. 8- Holding a Mat lab Introduction course online by the staff of the Information Technology Center for the period 14-18/2/2021. 9- Holding a course on computer efficiency methods electronically by the staff of the Information Technology Center for the period 14-28/3/2021. 10- Holding a course on computer efficiency methods electronically by the staff of the Information Technology Center for the period 3/28-3/4/2021.
	Engineering projects	1-Designing, building and displaying the university's employee salary system on 3/5/2021. 2- Establishing a project to link the university departments' libraries with the Central Library Department to share data among themselves by

		building a work environment on a central server that provides remote access to the required resources using the Internet as a path to access data on 9/3/2021.
		3- Designing and building the legal department system, training the employee on using the system, creating backup copies, and making the modifications required by the Legal Division on 3/15/2021.

-Semester Activity-

for Information Technology Center

from 10/4/2021 to 10/7/2021

	Activity	Details
Scientific Axis	**Conferences (accommodation or participation) name, place and date of the conference**	None
	Seminars (accommodation or participation) Name, place and date of the seminar	None
	Workshops (accommodation and participation) Name, place and date of the workshop	1- Holding a workshop to train the Jobs division of Site Management during the above period. 2- Holding a workshop in the Department of Computer Science during the month of June 2021. 3- Holding a workshop with the Prime Ministry team for the purpose of preparing the student system in coordination with the Registration Department for the month of June 2021. 4- Re-holding the workshop in the Central Library Department to train participants on the technical handling of the project of linking departmental libraries with the Central Library Department 1/5/2021.
	The number of achieved scientific research	1- Preparing four scientific journals for eJournalPlus and for the month of May 2021. 2- Preparing the LMS system in cooperation with the Multimedia Center for the year 2021. 3- Preparing the Borrowed Books system for the Central Library for the year 2021.

		4- Preparing the e-Mailing system and the e-ticket system submitted by the Cabinet team for the year 2021. 5- Preparing the Electoral Commission form, in addition to sending the updated statistics for the year 2021.
	Study Groups	Repeating the seminar about the implementation of the electronic Competitive Examination to apply for postgraduate studies in the Department of Computer Science on 20/6/2021.
	Scientific visits	Visit the Continuing Education Center for the purpose of building the center's course system within the above period.
	Agreements and Memoranda	Participation in the team for organizing an agreement in progress / in the Information Technology Center / Huawei Academy.
Engineering and technical axis	**Laboratories (buildings and supplies)**	None
	Holding courses (number - course name - place)	1- Holding the Computer Efficiency courses for the purpose of applying for postgraduate studies at the Information Technology Center, continuing until 1/6/2021. 2- Holding the Arabic Language exam at the Information Technology Center, continuing until 1/6/2021. 3- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on the Google Classroom platform for the period from 11/4/2021 to 15/4/2021. 4- Holding a Promotion of State Employees course in the Information Technology Center for the period from 18/4/2021 to 29/4/2021. 5- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on the Google Classroom platform for the period from 04/24/2021 to 04/29/2021. 6- Holding an AutoCAD 2D engineering drawing course at the Information Technology Center for the period from 2/5/2021 to 6/5/2021. 7- Holding a course in Administration Using Windows Server 2016 at the Information Technology Center for the period from 23/5/2021 to 27/5/2021. 8- Holding a Promotion of State Employees course in the Information Technology Center for the period from 25/5/2021 to 6/8/2021. 9- Holding a Microsoft Access database Management System course in the Information

		Technology Center for the period from 20/6/2021 to 1/7/2021. 10- Holding a Promotion of State Employees course in the Information Technology Center for the period from 4/7/2021 to 7/15/2021. 11- Conducting all exams electronically in the Information Technology Center throughout the year and in all its forms.
	Engineering Projects	None

-Semester Activity-

for Information Technology Center

from 10/7/2021 to 10/10/2021

	Activity	**Details**
Scientific Axis	**Conferences (accommodation or participation) name, place and date of the conference**	Holding a meeting with the scientific assistant and members of the association to prepare the requirements for the annual conference of the university.
	Seminars (accommodation or participation) Name, place and date of the seminar	None
	Workshops (accommodation and participation) Name, place and date of the workshop	1 - Holding a workshop for the Emailing System at the Information Technology Center on 9/15/2021. 2- Organizing a workshop to classify the websites of Iraqi universities, which was held in the Information Technology Center on 6/9/2021. 3- Holding a technical workshop on upgrading the website of the University of Technology, which included a discussion of the quality of websites issued by the Scientific Supervisory Authority of the Ministry of Higher Education on 9/19/2021.
	The number of achieved scientific research	None
	Study Groups	Attending an electronic lecture entitled (Constituents of the Climatic Environment in a Sustainable Urban Space in the City of Muscat), which was held under the sponsorship of the Green Architecture Team in the Architectural Engineering Department of the Iraqi Engineers Association on 4/9/2021.
	Scientific visits	None
	Agreements and Memoranda	None

Engineering and technical axis	**Laboratories (buildings and supplies)**	1- Preparing the computer lab in the center's main hall to host an educational course on the basics of modern programming using a global electronic platform for children for the period from 9/21/2021 to 10/21/2021. 2- Preparing the computer lab to host an educational workshop for the research sobriety system at the center in early October.
	Holding courses (number - course name - place)	1- Holding systematic training courses in the field of maintenance and networks for students of private universities in the center for the period from 15/8/2021 to 12/9/2021 2- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 1/8/2021 to 5/8/2021. 3- Holding a state employee promotion course for the period from 8/8/2021 to 8/19/2021. 4- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 8/8/2021 to 12/8/2021. 5- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 15/8/2021 to 19/8/2021. 6- Holding an AutoCAD 2D engineering drawing course at the Information Technology Center for the period from 15/8/2021 to 19/8/2021. 7- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 08/22/2021 to 08/26/2021. 8- Holding a Promotion of State Employees course in the Information Technology Center for the period from 5/9/2021 to 9/16/2021. 9- Holding SQL Server database Management System course in the Information Technology Center for the period from 5/9/2021 until 9/16/2021. 10. Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 9/19/2021 to 9/23/2021. 11- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 9/26/2021 to 9/30/2021. 12- Holding an online course on Computer Efficiency Methods (for the Academic Promotion of) on Google Classroom platform for the period from 3/10/2021 to 7/10/2021. 13- Hosting an educational course on the basics

		of programming for children at the Information Technology Center for the period from 9/21/2021 to 10/21/2021. 14- Holding Computer Competency courses for postgraduate requirements in the Information Technology Center throughout the year. 15- Continuing to conduct online exams for Computer Competence and Arabic Language Proficiency at the center.
	Engineering Projects	None

-Semester Activity-

for Information Technology Center

from 10/10/2021 to 10/1/2022

	Activity	Details
Scientific Axis	**Conferences (accommodation or participation) name, place and date of the conference**	None
	Seminars (accommodation or participation) Name, place and date of the seminar	None
	Workshops (accommodation and participation) Name, place and date of the workshop	1- Participation in a workshop for the Federal Public Service Council exams on 11/27/2021 - (electronic workshop). 2- Holding a workshop for the official e-mail system for members of the e-mail link at the university for the month of November 2021. 3- Participation in a joint online workshop with the office of the Administrative Undersecretary in the Ministry of Higher Education regarding the monthly achievements system for Iraqi universities and colleges for the month of November 2021. 4- Participation in a workshop for the Federal Public Service Council exams on 12/4/2021 ---- (electronic workshop). 5- Participation in a workshop on how to electronically publish scientific research, which was held by the Central Technical University / Center for Continuing Education electronically on 9/12/2021.
	The number of achieved scientific research	None
	Study Groups	None
	Scientific visits	None

	Agreements and Memoranda	- Implementation of electronic exams in cooperation with the Federal Public Service Council to appoint people with supportive health professionals (scientists), in three examination centers at the university (Information Technology Center, Civil Engineering Department, Electromechanical Engineering Department) during the month of October 2021.
Engineering and technical axis	**Laboratories (buildings and supplies)**	None
	Holding courses (number - course name - place)	1-Holding a Matlab Introduction course for the period from 10/12/2021 to 10/18/2021. 2. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 10/17/2021 to 10/21/2021. 3. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 10/24/2021 to 10/28/2021. 4. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 7/11/2021 to 11/11/2021. 5. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 11/14/2021 to 11/18/2021. 6. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 11/21/2021 to 11/25/2021. 7. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 11/28/2021 to 12/02/21. 8. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 12/5/2021 to 9/12/2021. 9. Holding the ICDL v5 online course on the Google classroom platform for the period from 12/5/2021 to 23/12/2021. 10. Holding an electronic course on computer

		efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 12/12/2021 to 16/12/2021.
		11. Holding a state employee promotion course for the period from 12/19/2021 to 12/30/2021.
		12. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 12/26/2021 to 12/30/2021.
		13. Holding a course on computer networking principles for the period from 12/27/2021 to 12/30/2021.
		14. Computer hardware maintenance (advanced) course for the period from 3/1/2022 to 13/1/2022.
		15. Holding an electronic course on computer efficiency methods (for the scientific promotion of lecturers) on Google classroom platform for the period from 9/1/2022 to 13/1/2022.
		16. Holding a course of Windows Server 2016 for the period from 9/1/2022 until 20/1/2022.
		17. Conducting computer competency courses for applicants to graduate studies electronically according to the directives of the Ministry of Higher Education throughout the year.
		18. Conducting computer proficiency and Arabic language proficiency exams for applicants for postgraduate studies electronically.
		19. Set up and host all exams electronically in the information technology center throughout the year and of all kinds.
	Engineering Projects	None
