-Semester Activity-

for Information Technology Center

from 10/01/2022 to 10/04/2022

	Activity	Details
Scientific Axis	**Conferences (accommodation or participation) name, place and date of the conference**	None
	Seminars (accommodation or participation) Name, place and date of the seminar	None
	Workshops (accommodation and participation) Name, place and date of the workshop	1- Holding a workshop on the correspondence system for the purpose of training and receiving the electronic account and password. 2- Participation in a workshop on digital maturity and electronic transformation at the Ministry's headquarters --- (electronic workshop). 3- Establishing a workshop for the monthly achievement system for universities and governmental and private colleges with the Ministry of Higher Education --- (electronic workshop) mascot. 4- holding a workshop to prepare Mascot for the University of Technology with the Preparatory Committee --- (electronic workshop) egumol plns. 5- holding a workshop on managing the Gmail Plus system for the Journal of Applied Sciences --- (electronic workshop) Egoumol plns. 6- holding a workshop for the Gmail Plus system for Architecture journal --- (electronic workshop) Egoumol plns. 7- Skills development workshop in cooperation with the university presidency on March 15, 2022. 8- Recycling and coding workshop for the people and units of the center 03/18/2022.
	The number of achieved scientific research	None

	Study Groups	None
	Scientific visits	None
	Agreements and Memoranda	None
Engineering and technical axis	Laboratories (buildings and supplies)	None
	Holding courses (number - course name - place)	1- holding computer proficiency courses for applicants to graduate studies electronically according to the directives of the Ministry of Higher Education throughout the year. 2- Holding computer proficiency and Arabic language proficiency exams for applicants to postgraduate studies electronically. 3- Holding an optical cable network design course at the Information Technology Center for the period 16-20/1/2022. 4- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 16-20/1/2022. 5- Holding a course on Windows Server 2016 in the Information Technology Center for the period from 1/23-3/2/2022. 6- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 6-10/2/2022. 7- Holding a Windows Server administration course at the Information Technology Center for the period 13-17/2/2022. 8- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 20-24/2/2022. 9- Holding a Security in SQL course at the Information Technology Center for the period 28/2- 3/3/2022. 10- Holding an ASP course. Core in the Information Technology Center for the period 28/2- 3/3/2022. 11- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 6-10/3/2022.

Engineering and technical axis		12- Holding a course for the promotion of state employees in the Information Technology Center for the period 6-17/3/2022.
		13- Holding the Access 2016 Database Wizard course at the Information Technology Center for the period 6-17/3/2022.
		14- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 13-17/3/2022.
		15- Holding a course of Windows Server 2016 in the Information Technology Center for the period 13-28/3/2022.
		16- Holding a SQL Server database wizard course in the Information Technology Center for the period 13-24/3/2022.
		17- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 20-24/3/2022.
		18- Holding a laptop maintenance course at the Information Technology Center for the period 22-28/3/2022.
		19- Holding a course on computer efficiency methods in the information technology center electronically and on the Google classroom platform for the period 27-31/3/2022.
		20- Holding an Auto CAD 2D course at the Information Technology Center for the period 27-31/3/2022.
		21- Holding a course for the promotion of state employees in the Information Technology Center for the period 3-4/4/2022.
		22- Holding the Access 2016 Database Wizard course at the Information Technology Center for the period 3-4/14/2022.
		23- Holding the International Computer Driving Certificate ICDL v.5 course at the Information Technology Center for the period 3-21/4/2022.
		24- Holding a course of Windows Server 2016 in the Information Technology Center for the period 10-21/4/2022.
		25- Hosting and implementing electronic exams in cooperation with university

		departments and all state departments and institutions, and upon request.
	Engineering Projects	None

-Semester Activity-

for Information Technology Center

from 10/04/2022 to 10/07/2022

	Activity	**Details**
Scientific Axis	**Conferences (accommodation or participation) name, place and date of the conference**	None
	Seminars (accommodation or participation) Name, place and date of the seminar	None
	Workshops (accommodation and participation) Name, place and date of the workshop	1- Holding a specialized workshop on ((Applied Research, a project of the Ministry of Higher Education and Scientific Research to link ministries and state institutions in research)) in cooperation with the Pioneering Projects Department in the Ministry of Higher Education and Scientific Research on the conference hall in the Department of Control and Systems Engineering on 20/4/2022. 2- A workshop on the upcoming events system with the members of the association for the university formations in the Information Technology Center on 04/26/2022. 3- Holding a workshop for professional publishing in social networking sites at the Information Technology Center on 10/5/2022. 4- Holding a workshop on the upcoming events system with the scientific assistants of the university departments, which was held electronically on May 15, 2022. 5- Organizing a workshop on the planned, completed and published research system. The workshop included an explanation of the

Scientific Axis		working method of the system that was designed and programmed using the database (SQL Server) and how to access it through internet browsers in the Information Technology Center on 29/5/2022. 6- Holding a specialized workshop on ((Applied Research, a project of the Ministry of Higher Education and Scientific Research to link ministries and state institutions in research)) in cooperation with the Pioneering Projects Department in the Ministry of Higher Education and Scientific Research on the conference hall in the Department of Control and Systems Engineering on 20/4/2022. 7- Holding a workshop on the skills development course in the field of technology and information technology and linking academic education with the needs of the labor market and the technology sector in cooperation with Huawei Communications and Information Technology Company at Al Kindi Hall on 06/01/2022. 8- Establishing a camp for the sons of the University of Technology in cooperation with the Research and Development Division in the Student Club for Innovators on 06/30/2022. 9- Holding a workshop for the first cyber security forum in higher education in Ibn Sina Division on 04/06/2022. 10- Participation in the meeting of the Committee for Evaluation of Ministerial Attaches Sites in the Ministry of Higher Education / Scholarships Department on 06/27/2022. 11- Holding a workshop to empower students professionally in cooperation with the Moon Gate Company at the Information Technology Center on 06/30/2022. 12- Holding a research workshop at the Information Technology Center on 06/28/2022.
	The number of achieved scientific research	None
	Study Groups	None
	Scientific visits	None

	Agreements and Memoranda	None
Engineering and technical axis	**Laboratories (buildings and supplies)**	None
	Holding courses (number - course name - place)	1- Holding a course on Windows Server 2016 in the Information Technology Center for the period 10-21/4/2022. 2- Holding a course on computer efficiency methods at the Information Technology Center for the period 17-21/4/2022. 3- Holding an Auto CAD 3D engineering drawing course at the Information Technology Center for the period 17-28/4/2022. 4- Establishing and distributing optical cable networks course at the Information Technology Center for the period 17-21/4/2022. 5- Holding a course for the promotion of state employees in the Information Technology Center for the period 17-28/4/2022. 6- Holding a Microsoft Word course at the Information Technology Center for the period 24-28/4/2022. 7- Holding a Microsoft Access course at the Information Technology Center for the period 24-28/4/2022. 8- Holding a course on computer efficiency methods at the Information Technology Center for the period 8-12/5/2022. 9- Holding a course for the promotion of state employees in the Information Technology Center for the period 8-19/5/2022. 10- Holding a course on computer networking principles at the Information Technology Center for the period 8-12/5/2022. 11- Holding a Microsoft Access course in the Information Technology Center for the period 8-19/5/2022. 12- Holding a Windows Server course in the Information Technology Center for the period 15-26/5/2022. 13- Holding a course on computer efficiency methods at the Information Technology Center for the period 15-19/5/2022.

Engineering and technical axis		14- Holding an Auto CAD 3D engineering drawing course at the Information Technology Center for the period 22/5-2/6/2022. 15- Holding a SQL Server database wizard course at the Information Technology Center for the period 22/5-2/6/2022. 16- Holding a course on computer efficiency methods at the Information Technology Center for the period 22-26/5/2022. 17- Holding a course on computer efficiency methods at the Information Technology Center for the period 5/29-2/6/2022. 18- Holding a Security in SQL Server course at the Information Technology Center for the period 29/5-2/6/2022. 19- Holding a course for the promotion of state employees in the Information Technology Center for the period 5-16/6/2022. 20- Holding a course on computer efficiency methods at the Information Technology Center for the period 5-9/6/2022. 21- Holding an ASP.net course at the Information Technology Center for the period 12-23/6/2022. 22- Holding a course on computer efficiency methods at the Information Technology Center for the period 12-16/6/2022. 23- Holding a course on skills of using e-mail and Google Drive at the Information Technology Center for the period 6/19-23/2022. 24- Holding a course on computer efficiency methods at the Information Technology Center for the period 26-30/6/2022. 25- Holding a Microsoft Word course at the Information Technology Center for the period 06-30-26/2022. 26- Holding a digital teaching course at the Information Technology Center for the period 2-16/7/2022. 27- Holding a Microsoft PowerPoint presentations course at the Information Technology Center for the period 3-7/7/2022.

| | | 28- Holding a course on computer efficiency methods at the Information Technology Center for the period 3-7/7/2022.
29- Summer training in the field of computer for students of public and private universities for the period 3/7/2022 until 9/1/2022.
30- Continuing to hold computer efficiency courses in the information technology center throughout the year.
31- Continuing to hold the Arabic language exam in the information technology center throughout the year.
32- Hosting and implementing electronic exams in cooperation with university departments and all state departments and institutions, and upon request. |
| | **Engineering Projects** | None |

-Semester Activity-

for Information Technology Center

from 10/07/2022 to 10/10/2022

	Activity	Details
Scientific Axis	**Conferences (accommodation or participation) name, place and date of the conference**	None
	Seminars (accommodation or participation) Name, place and date of the seminar	None
	Workshops (accommodation and participation) Name, place and date of the workshop	1- holding and implementation of workshops and summer training curriculum for students from outside the University of Technology in the Information Technology Center for the period from 01/07/2022 until 01/09/2022. 2- Participation in a workshop on the mechanism of the scientific journals system,

		the update of journal editors, at the University of Anbar on 08/17/2022.
		3- Holding a workshop to certify the issuance of graduate documents at the Information Technology Center on 06/09/2022.
		4- Participation in the meeting of the Ministerial Committee specialized in the development of education to determine the scholarship policy for the ministries at Al-Nahrain University on 11/08/2022.
	The number of achieved scientific research	None
	Study Groups	None
	Scientific visits	None
	Agreements and Memoranda	None
Engineering and technical axis	**Laboratories (buildings and supplies)**	None
	Holding courses (number - course name - place)	1. Holding a state employee promotion course at the Information Technology Center for the period 17-28/7/2022. 2. Holding a Microsoft Access 2016 course at the Information Technology Center for the period 17-28/7/2022. 3. Holding a course on Computer Efficiency Methods in the Information Technology Center electronically on the Google classroom platform for the period 24-28/7/2022. 4. Holding a Windows Server 2019 course at the IT Center for the period 24-28/7/2022 5. Holding a Microsoft Excel course at the Information Technology Center for the period 1-4/8/2022. 6. Holding a course on Computer Efficiency Methods in the Information Technology Center electronically on the Google classroom platform for the period 7-11/8/2022. 7. Holding a state employee promotion course at the Information Technology Center for the period 14-25/8/2022. 8. Holding a laptop maintenance course at the Information Technology Center for the period 08/14-18/2022.

Engineering and technical axis	**Holding courses (number - course name - place)**	9. Holding a course on Computer Efficiency Methods in the Information Technology Center electronically on the Google classroom platform for the period 14-18/8/2022. 10. Holding a Microsoft Access 2016 course at the Information Technology Center for the period 14-25/8/2022. 11. Holding a course on computer efficiency methods in the information technology center electronically on the Google classroom platform for the period 21-25/8/2022. 12. Holding a Microsoft Excel course at the Information Technology Center for the period 08/21-25/2022. 13. Holding a course for the promotion of state employees at the Information Technology Center for the period 08/21-1/9/2022. 14. Holding a course on skills of using e-mail and Google Drive at the Information Technology Center for the period 08/28-1/9/2022. 15. Holding a course on computer efficiency methods in the information technology center electronically on the Google classroom platform for the period 4-8/9/2022. 16. Holding a Microsoft Word course at the Information Technology Center for the period 4-8/9/2022. 17. Holding a SQL Server course at the Information Technology Center for the period 9/19-29/9/2022. 18. Holding a course on Windows Server 2016 in the Information Technology Center for the period 19-29/29/2022. 19. Holding a course on computer efficiency methods in the information technology center electronically on the Google classroom platform for the period 19-22/9/2022. 20. Holding an ASP.net course at the Information Technology Center for the period 2-13/10/2022. 21. Holding a course on Windows Server 2016 in the Information Technology Center for the period 2-13/10/2022.

		22. Holding a course on Computer Efficiency Methods in the Information Technology Center electronically on the Google classroom platform for the period 2-6/10/2022. 23. Holding a course on Computer Efficiency Methods in the Information Technology Center electronically on the Google classroom platform for the period 9-13/10/2022.
	Engineering Projects	None
